Application Agreement for SEMAA SCHOOL

I hereby authorize OLC SEMAA personnel/consultants to utilize any and all information regarding the schools application for the OLC SEMAA program. It is further understood that any participating classes and individual students will be required to fill out NASA SEMAA applications. Any information provided will be kept confidential and utilized solely for the purpose of reporting. This is what helps the SEMAA program continue to be a free program.

Further, it must be understood that becoming OLC SEMAA stie school, does not provide any additional funding to staff that are accepted. However, support and materials continue to remain free. Becoming an OLC NASA SEMAA School should be considered a privilege. Instruction can be carried out in an In-School Model and/or in an after-school model during the typical school year. In addition, there is a strong parent component that provides support with the lessons as well as parent nights.

It is expected that once you start the program you will complete the program as it was designed with fidelity.

After completing this application, someone will be with you shortly to complete and determine your eligibility to participate in the program. Please make sure to visit olcsemaasite.yolasite.com and *Apply* for all of the programs that you would like to participate.

By signing this agreement you are submitting your application to become a OLC SEMAA School and agree to follow all OLC NASA SEMAA guidelines and regulations.
